

# Fine Art Painting Class

## Instructed by Charles Scogins

Saturdays, 10 a.m. - 12 p.m.

January 11 - February 29, 2020

Artisan Resource Center Studio K2

8 Week Session: \$180

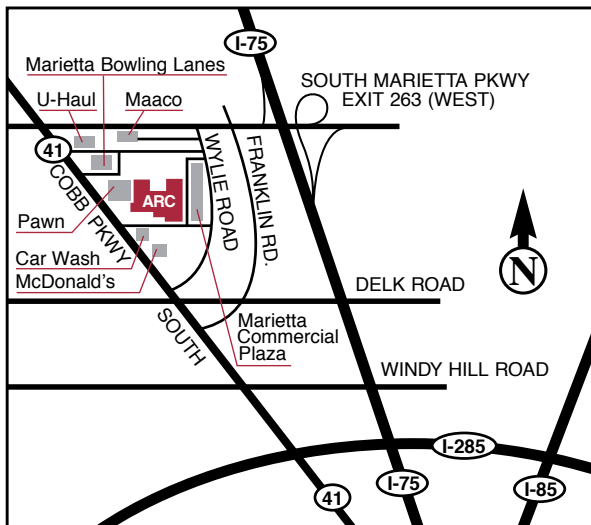

This eight week class enables students to work on subjects of their choice at their own skill level from beginner to advanced. Charles encourages students to work from life, but in this studio class format, using photographic reference is acceptable. Students invest time painting subjects they find exciting which provides a satisfying experience and result.

- The class is open to a variety of media.
- Color, composition, and a variety of approaches to painting will be discussed.
- Students will bring their own supplies but easels are available on site.
  - Flat brushes work best.
  - A palette knife would also be useful.
- Please have at least the primary and secondary colors available plus white in opaque mediums, (Yellow, Red, Blue, Violet, Green and Orange).
